Vinification	After harvest, the grapes are destemmed and sorted to remove any imperfect berries before fermentation. The must is then fermented in stainless-steel vats for 10-15 days. The different grapes are kept separate so that each can mature in the vessel that best suits it: Sangiovese in large oak casks, and Cabernet Sauvignon and Merlot in smaller barriques.						
Product Picture	Tasting Notes and Wine Pairing						
	A fragrant bouquet of violets, cyclamen, mulberries, and blackberries, complemented by hints of sweet spices, cacao, and subtle earthy undertones. On the palate, it is fresh and balanced, with rounded, tasty tannins, lively acidity, and a long, elegant finish that highlights dark berry fruits and balsamic herbs. Its structure and vibrancy make it highly food-friendly, pairing beautifully with herb-rich dishes, pasta with tomato-based sauces, grilled or roasted meats, game, and spiced dishes. It also complements charcuterie, aged cheeses, rustic pizzas, and braised vegetable or meat casseroles. Serve slightly chilled at 16–18 °C, or decant for 30 minutes to fully reveal its layered aromas.
